

Paper Dreams: Crafting Your Own Dream Catcher!

Step 1

Take a paper plate and flip it over so that the backside is facing you. With your scissors, cut the centre of the plate out. This will be the base of your dream catcher.

Complete ☐

Step 2

Use paints and a paintbrush to decorate the paper plate with colourful patterns and designs. Make it as vibrant as you like.

Complete ☐

Step 3

Cut your crepe paper into strips using scissors. Use different colours to make your web colourful.

Complete ☐

Materials

Paints or Sharpie Pens
Coloured Craft Paper
Paper Plates
Crepe Paper
Feathers
Glue
String
Decorative craft
items/stickers/beads/sequins

Equipment

Paintbrush

Cellotape

Scissors

Paper Dreams: Crafting Your Own Dream Catcher!

Step 7

Cut a piece of string, approximately 10 inches long. Then with your cello tape, stick the string onto the top of the back of your dream catcher.

Complete ☐

Step 8

Allow your paper dream catcher to dry completely before hanging it up or displaying it in your room.

Complete ☐

Step 9

Gently slide one plate over the other. As you do this, subtly release a coin from the pocket while keeping the plate face down. This ensures the pocket is not on show. Then repeat with the other plate to “double” the coins.

Complete ☐

Paper Dreams: Crafting Your Own Dream Catcher!

Step 4

Starting from one edge of the paper plate, glue one end of a strip and stretch the paper to the opposite edge of the plate and attach the other end with glue. Repeat this process, crisscrossing the strips to create a web-like pattern.

Complete ☐

Step 5

Cut more strips of crepe paper and glue feathers to the bottom. You can also add small crafts at the end of these strips for added flair.

Complete ☐

Step 6

Glue your strips with feathers to the bottom of the plate.
