Soaring Skies: Craft Your Simple Indoor Paper Bag Kite!

Step 1

Lay the paper lunch bag flat and decorate it with pens, paints, stickers, or any craft items you have. Make it colourful and unique!

Complete ☐

Step 2

Cut a small hole in the bottom of the paper bag.

Complete ☐

Step 3

Cut a piece of string about 30 inches long.

Complete ☐

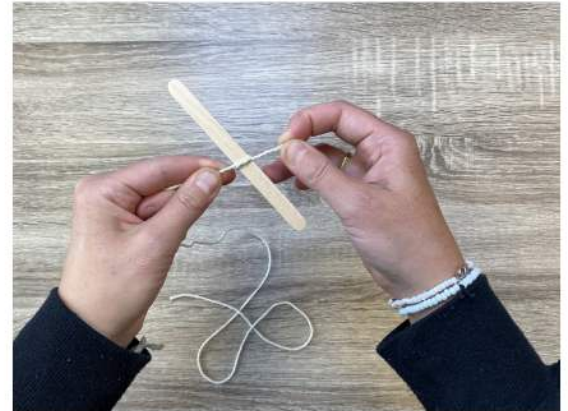

Soaring Skies: Craft Your Simple Indoor Paper Bag Kite!

Step 4

Tie the string to the middle of the lollipop stick. Feed the other end of the string through the hole in the paper bag. The lollipop stick will keep the string in place.

Complete ☐

Step 5

Cut crepe paper into strips and stick them onto the open edge of the paper bag with tape.

Complete ☐

Step 6

Your kite is now ready to fly.
Take it outside and watch it soar!
