Beats and Rhythms: Creating Your Tin Can Drum

Step 1

Remove the ring pull lid from the tin can. Ensure the can is clean and has no sharp edges. If using a different container, remove the lid.

Complete ☐

Step 2

Wrap ribbons, tape, or your chosen decorations around the can. Secure them with PVA glue.

Complete ☐

Step 3

Cut the neck off the balloon.

Step 4

Stretch the balloon over the tin's top. Avoid overstretching the balloon. Use an elastic band to hold it in place.

Complete ☐

Step 5

Glue a pom pom to the end of each straw.

Complete ☐

Step 6

Let the glue dry completely. It might take a couple of hours.

Complete ☐
