

Musical Statues

A fun and energetic game where players dance to music and freeze like statues when it stops. Perfect for parties and family fun.

Equipment Needed

- Music player

Step By Step Instructions

Step 1- Start the Music

Play lively music and encourage everyone to dance.

Step 2- Stop the Music

Randomly stop the music. When the music stops, all players must freeze immediately.

Step 3- Observation

The game leader observes the players. Anyone caught moving after the music stops is out for that round.

Step 4- Resume Dancing

Start the music again, and players continue dancing.

Step 5- Repeat

Keep stopping and starting the music at random intervals. The last player remaining who hasn't moved during statues is the winner.

The Rules

Rule 1- Players must dance while the music plays.

Rule 2- Players must freeze instantly when the music stops.

Rule 3- No moving during 'statues' – even a little movement counts!
